McClory Leading Fight For 18-Year-Old Vote

The area behind the Antioch News at 966 Victoria St., Antioch, became a lake last week when the area was inundated by heavy rainfall.

Congressman Robert McClory (R., 12th Dist.) is assuming a leading role in presenting for favorable House action to reduce the voting age to include 18- to 20-year olds.

The 18 to 20-year-old vote amendment was attached by the Senate to a measure extending the Voting Rights Act of 1965. Congressman McClory has proposed that the House concur in the Senate amendment thus clearing the bill for White House approval.

12 Will Attend 4-H Meet

Pam Hunley, Antioch; Mary Markham, Mundelein; Gail Elmgren, Lake Forest; Alison Hevde, Antioch; Joann Schaberger, Wildwood; Patsy Russell, Round Lake; Dolores Russell, Round Lake; Frank Tulus, Libertyville; Skip Turnbull, Libertyville; Robert Olson, Mundelein; and Bruce Scottberg, Round Lake will join nearly 1,000 other young people at the 1970 State 4-H Week, June 16-19, at the University of Illinois campus, Urbana-Champaign.

The University of Illinois Cooperative Extension Service sponsors the annual event to bring 4-H'ers from all over Illinois together for a week of discussion, learning and fun.

Mrs. Barbara Dahl, Lake County Extension adviser, says the Lake County delegates were selected on the basis of their outstanding 4-H records and the leadership qualities.

The four-day program gets underway Tuesday, June 16. Karl Gardner, associate dean of the U. of I. College of Agriculture, will speak at the opening assembly. His topic: "Let's Go — But Which Way?"

Wednesday's program will feature an in-depth look at youth and the consumer market. The McCann - Erickson Advertising Agency of Chicago will present a discussion on the role of advertising. U. of I. specialists will demonstrate simulated learning games designed to teach the fine points of consumer buying.

Area firms in cooperation with the management of Lincoln Square in downtown Urbana will open their doors and be ready to answer questions during a planned learning tour of the Lincoln Square shopping center facilities.

Many top speakers will appear on the program.

Everly Millis Duvall, family life consultant and author of many books including "The Art of Dating," "Sense and Nonsense About Sex," and "Love and the Facts of Life," will speak at Wednesday evening's general assembly. Following her presentation, the 4-H delegates will break into discussion groups to formulate questions which Dr. Duvall will answer at a Thursday morning session.

Thursday's general assembly focuses on "Environmental Quality of the Future" with Robert Metcalf, head of the University of Illinois Department of Zoology. That afternoon's program is devoted to an exploration of career opportunities and decision-making criteria. Featured on the careers program are:

—Harold Alexander, associate professor of housing and home furnishings: "The World of Aesthetics."

—Harry Wilson, national training director, Sears Roebuck and Co.: "The World of Business."

—Jim Evans, associate professor of agricultural communications and journalism: "World of Communications."

—Gerald Custer, assistant professor of social work, Jano Adams Graduate School of Social Work: "World of Social Science."

—Darrell Miller, associate professor of social work, Jano Adams Graduate School of Social Work: "World of Social Science."

ing the bill for White House approval.

Congressman McClory's appearances before the House Republican Policy Committee as well as the House Rules Committee developed by reason of the recent hospitalization of Congressman William McCulloch of Ohio, ranking Republican on the House Judiciary Committee.

In pressing for the reduction in the voting age, Mr. McClory argued in support of the constitutionality of the proposal as well as the wisdom for early congressional action.

McClory stated:

"I am most interested in the silent majority among the 11-million young citizens who are both mature enough and interested enough to express themselves through the democratic process of the ballot box. More than 800,000 of these young citizens are bearing arms, 5-million have jobs and are paying taxes, and over 1-million are married and running their homes. All but a small percentage are high school graduates and fully capable of weighing the issues and judging the candidates in casting their votes."

In support of the equal protection clause of the Federal Constitution, Congressman McClory pointed out that the bill also provides a nationwide ban on literacy tests and reduces residency requirements to 30 days for voting for President. Congressman McClory added: "The same constitutional principle and the identical rationale apply to the

Eighteen Receive Diplomas

On Thursday evening, June 4, graduation exercises were held at Emmons Grade School. Eighteen graduates received their diplomas from the President of the Board, Dr. Alan Thain.

The graduates marched into the gymnasium and onto the stage through an arch of pastel flowers. The stage was decorated with flowers and vines with a silhouette of each graduate on the back wall of the stage.

Graduation began with the invocation being given by the Reverend Donald E. Bowers, pastor of the Fox Lake Church of the Nazarene. A welcome was given by Mr. Richard Dubek of the Board of Education. Mr. Byron H. Levene, Superintendent, then gave an address to the parents. Dr. William C. Petty, Lake County Superintendent of Schools, spoke to the parents and graduates. A speech on behalf of the departing eighth grade class was given by Miss Barbara Dodd.

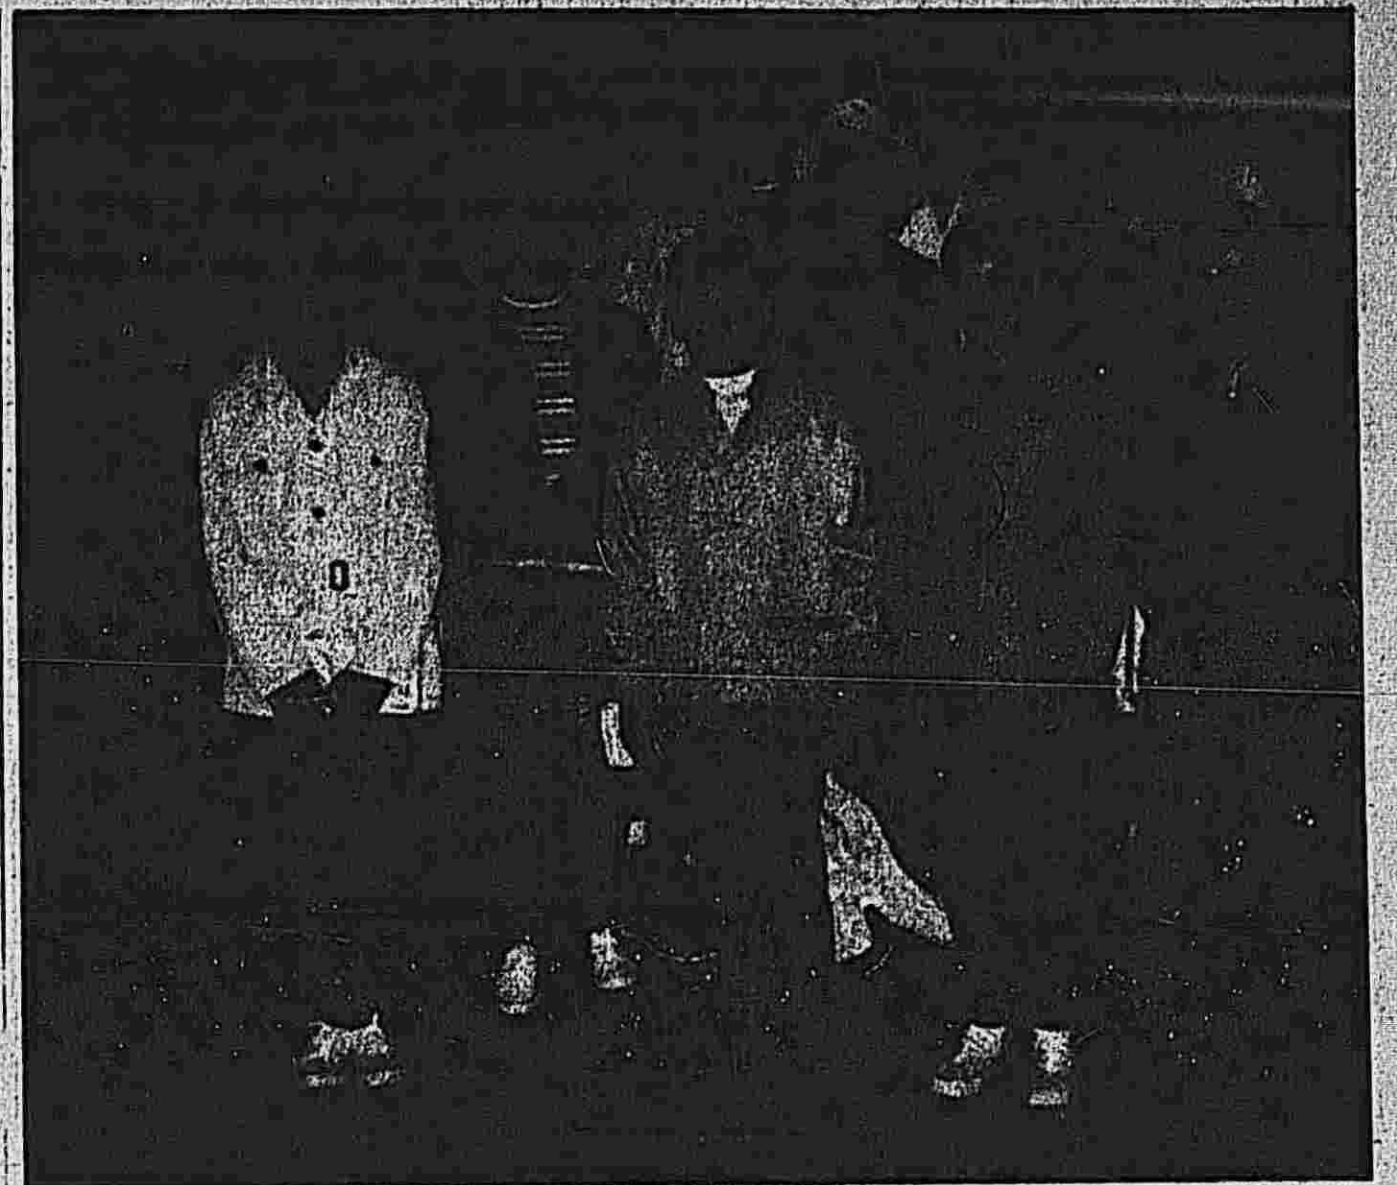

Music was provided by Mrs. Beverly Kramer. There was choral singing by the combined sixth, seventh, and eighth grade classes. Diana Bowers, a graduate, sang a solo and a trio of eighth graders, Deborah Brueggemann, Sharon Hall and Sherry Robbins sang a song.

After the presentation of diplomas, the Reverend Bowers gave the benediction and the recessional was performed to the music of March Militaire.

A reception for the graduates, parents, relatives, and friends was held after the graduation exercises. Cake, punch, and coffee were served.

The Emmons Grade School graduates are:

Diana Bowers, Travis Bradey, Deborah Brueggemann, Timothy Brueggemann, Barbara Dodd, Pamela Edwards, Sharon Hall, Kathryn Kakaec, John Karczewski, Jon Lasco, Doris Meuter, Kim Netrefa, Sherry Robbins, John Rooker, Christopher St. Pierre, Mary Sullivan, Norman Thibodeau, Alan Westman.

These Emmons School students took a trip.

Emmons 8th Grade Trip

The Emmons Grade School eighth grade left on its class trip Sunday evening, May 31. Four parents drove the eighteen children to the C & O Autoterry in Milwaukee. The parents, children and cars boarded the east-bound ship for the six hour trip to Ludington, Michigan. Everyone had fun in the lounge and on the deck of the ship until midnight when they went to their staterooms for a night aboard ship.

The group arrived in Michigan at 5:30 a.m. and again got into its cars for the ride up to Traverse City's Holiday Inn. Breakfast was eaten there, and a former Emmons eighth grade member, Frank Kerrigan, who had moved to Traverse City from Antioch last January, joined the group.

Leaving Traverse City the group headed for Mackinac Island. Fog was very heavy, but everyone could see the lengthy Mackinac Bridge.

Arriving at Mackinac Island the Emmons group went right to the famous Grand Hotel and then to their rooms.

The Grand Hotel offered so

many activities to the children that it was hard for them to choose what to do. Some of the daytime choices were swimming, golf, horse back riding, tennis, softball, cycling, and shopping. At night there was the game room, TV room, full length movie, juke box room, and a dance with an orchestra. The children participated in the activities that appealed to them.

All of the children did go with the adults on a carriage ride that toured the Island. On this some of the things they saw were Fort Mackinac, Skull Cave, Arch Rock, Point Lookout, and Pere Marquette Monument.

Meals were really an experience in the Grand Hotel. It was elegant living at its finest. Fancy coated waiters stood behind each table to wait on the guests. Elaborate meals were served even at breakfast. The Hotel requires everyone to dress up after six each evening for the lovely meal in the dining room.

The children spent a lot of time shopping in the stores on the Island and eating fudge for which the Island is famous.

Tuesday noon the group left by

ferry to return to the mainland. They traveled the same route back to Ludington and boarded the C & O Autoterry at 7:30 that evening. This time they headed for Manitowish, Wisconsin. Super was eaten on the boat and fun was had by all on the deck and in the lounge. The ship docked in Wisconsin and the group got into its cars and headed back to Antioch, arriving around 1:30 a.m.

The four chaperones and drivers for the trip were Mrs. Marty Lasco, Mrs. Jo McMahon, Mrs. Beverly Dodd, and Mr. George Hall.

The trip was completely paid for by the graduating eighth grade. Each child even received \$13.00 spending money. Money making activities had been held during the school year such as lunch bake sales, selling snacks at athletic events, selling Emmons pins, dances, a car wash, and selling ice cream at lunch time.

Every Emmons eighth grade graduate will have a wonderful memory to look back on after taking this trip to Mackinac Island.

Husband, Wife Team To Open Law Office Poetry Contest Is Set

Joseph R. Wolf, son of Mr. and Mrs. Joseph Wolf, Rte. 4, Box 600-B, Antioch, and his wife, Betty Campbell Wolf, have both received Juris Doctor Degrees in graduation ceremonies held June 5, at the Illinois Institute of Technology, Chicago-Kent College of Law, Chicago.

Poetry Contest Is Set

The twentieth annual Chicagoland poetry contest sponsored by Poets and Patrons, Inc., an organization of coordinating poetry study groups in Chicago and suburbs, offers cash awards in twenty different classifications.

The popular "First Step Contest" for poets who have never won an award in a previous Chicagoland contest is being repeated. Now this year is the Everett McKinley Dirksen award for the best poems by high school seniors. Other categories include free verse, lyric, light verse, sonnet, religious, patriotic, dramatic monologue, portrait poem, and poetry for children.

First place award in each classification is \$10.00 and second place \$5.00. The Ella Kracks award of \$50.00, sponsored by W. Clement Stone, will be given for the best of all the first place winners of the contest.

The contest is open to all persons living within a 60-mile radius of Chicago. Membership in a study group is not required. However, all entries must follow specific rules as to length of poem, content, and presentation.

Rules may be obtained by sending a self-addressed stamped envelope to the contest chairman, June M. Findley, 38 Abbottsford Road, Winnetka, Ill. 60093.

Deadline for receiving poem entries is August 1. Winning poems will be read and awards presented at the annual Poets and Patrons dinner on Oct. 15 in observance of National Poetry Day.

Merit System Endorsed For Picking Judges

Judges better qualified to administer juvenile cases will result from taking their selection out of partisan politics, the Illinois Congress of Parents & Teachers said in endorsing a system of merit selection.

The state PTA has joined 16 other Illinois civic organizations in supporting efforts of the Committee for Modern Courts to persuade the Constitutional Convention to adopt a merit system for selecting judges.

"A specific interest of the PTA in the judicial system of Illinois is our concern for juvenile justice. We believe the probability of having an adequate number of judges in each circuit who are

The Truth About Rabies

(This is the final article in a series on rabies, a foe of mankind for centuries. The series was prepared by Dr. Robert J. Flynn, Lake County Veterinarian.)

Five-year-old Tommy has been bitten by a dog. It's thought the dog has rabies. What should be done?

The wound should be scrubbed thoroughly with any of the common soaps. This is the most effective first-aid treatment.

The family physician should be consulted immediately, and the wound should always be treated within four hours by a physician.

Then a series of injections known as the Pasteur series is begun. Actually, the injections are not a treatment but a prevention, after the manner of smallpox or polio vaccinations. The incubation period of the

rabies virus is usually longer than a month. The vaccination, on the other hand, brings protection within 30 days. Thus the person becomes immune to the disease before it has developed.

This is a race against time, so it's vital that the vaccinations start at once.

Tommy's series will consist of 14 injections, one each day for two weeks. In severe instances the series may be increased to 21 injections.

Obviously the Pasteur series has drawbacks. It is time-consuming, painful, and is not without danger. Yet, in 1967, over 500 persons in Illinois were treated for rabies.

Children like Tommy may benefit from a new material which is prepared by utilizing horse serum. The method is to immunize horses against rabies, then separate the protective portion of their blood. If used within a few hours after the bite, this serum effectively prevents rabies. However, this serum must still be used with one of the anti-rabies vaccines.

If your dog should be bitten by a rabid animal, the safest thing to do is to have a veterinarian humanely put him to sleep to prevent him from spreading rabies to you and your children. However, if the dog has been vaccinated previously, he may be revaccinated and quarantined for 30 days, then declared safe.

There is no doubt the disease can be eliminated. All dogs and cats which could be exposed to the virus must be immunized. If they are not immunized, they must be kept confined so they won't run loose to come in contact with rabid animals.

One unvaccinated dog running loose is enough to keep the disease alive. Many strange tales are told concerning the dangers of vaccinating dogs, but none of these tales are true.

In a recent study, 114,000 dogs were immunized against rabies, then "followed" for four years. Of course, many were killed by accidents, but none of the 114,000 showed any damage in their ability to see, smell, hunt, eat or reproduce. In short, none were adversely affected by the vaccination.

The records show the effectiveness of immunization and quarantine. For example: Summit County, Ohio had 218 cases of rabies in 1945. In 1946 a serious control program was begun; every dog in the county was required to be vaccinated. By 1947 no cases were reported, and only four cases have been reported since.

Denver, Colorado, had 120 cases of rabies in 1950, but after a state-wide vaccination program was put in effect, the disease was reduced until no cases were reported in 1955.

When everyone cooperates, control programs can work for cities, counties, states, and even countries. Through immunization and quarantine, Australia, England, Denmark, Norway and Sweden have become free from rabies.

But remember: Rabies control is not just a program to be maintained by your health department or local government. To be successful, the program requires the cooperation of you and your neighbors.

Ogilvie Gives Okay For Fifth Judge

Gov. Richard B. Ogilvie has approved House Bill 3320 which adds a fifth circuit court judge to the 19th Judicial Circuit composed of Lake and McHenry counties.

HB 3320 provides for the election of an additional circuit judge to the four already authorized to serve in any circuit consisting of two counties with a population of 350,000 or more. As of the 1960 census, Lake County had a population of 233,656 and McHenry County had 84,210 bringing the combined total of the counties to 317,866.

The act which the bill amends already provides that circuits other than Cook County may add a fifth circuit judge if each county in the circuit has a population of 310,000 or more, as in the case of DuPage County.

Cub Pack 192 Gives Out Awards

Indians was the theme of the month for the May meeting of Cub Scout Pack 192. The Webster Den opened the meeting with the flag ceremony which was followed by the presentation of awards by Cubmaster Ray Gallagher.

Awards under Wolf were: Steve Haley a silver arrow; David Volting, Wolf badge; gold arrow and silver arrow; and Larry Haveman, silver arrow.

Bear badges were awarded to Jack Fields, Steve Haley, Gary Hill and Neal Lalofs. Gary Hill and Mike Polsgrove each received a gold arrow under Bear.

Perry Esposito, Daniel O'Brien and Paul Pape each received a Denner badge. Assistant Denner badges went to Greg Bodin, Darren Houghton and Kevin Shepard.

David Volting received his year pin.

Larry Bolton received his Webster's shoulder ribbon.

Sunday Is Flag Day

Sunday is Flag Day.

This is a day for all good Americans to honor the proud banner which has carried the message of freedom throughout the world for many years.

It is a day set aside for proudly displaying the flag although we are of the opinion that the flag should be displayed every day.

There are rules for displaying the flag, however, and we thought we would pass them on to you. They were prepared by the Illinois State Bar Association.

1. Never display the flag so that it touches anything beneath it whether the ground, floor or any object.

2. Always fly the flag from the peak of any pole or staff except when it should be flown at half staff on national or state days of mourning. The union (white stars in a blue field) should always be uppermost. It can only be displayed down as a distress signal.

3. If the flag is to be displayed on a rope extending from the house to a tree or pole, it should be suspended vertically with the union away from the house and with the folds of the flag falling freely just as they would from a staff.

4. If the flag is displayed from a staff projecting horizontally or at an angle from a window sill, balcony or front of a building, the union should be at the peak of the staff.

5. If the flag is displayed over the middle of a street, it should be suspended vertically with the union to the north in an east-west street or to the east in a north-south street.

6. When displayed horizontally or vertically against a wall, the union should be to the flag's own right—that is, to the observer's left. If festoons, rosettes or drapings are desired, bunting of blue, white and red in that order (with blue uppermost) should be used but never the flag.

7. If the flag is to be flown at half staff, it should be hoisted to the peak of the staff for an instant before being lowered to a point midway between the top and bottom of the staff. The flag should again be peaked momentarily when the flag is lowered for the day.

8. Custom decrees that the flag should be displayed out-of-doors only from sunrise to sunset. However, the flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect.

Bicycle Safety

Each year hundreds of people are killed and thousands injured in auto-bicycle accidents in the nation. More than half of these victims are in the age group of 5 to 14.

Bicycles are classed as vehicles in the Illinois traffic laws. The only exception are those provisions which by their nature can have no application. In general, traffic laws apply to persons riding bikes. Safe riders usually become safe drivers.

The most important rule for bike riders is to ride on the right side of the road as close to the curb or side of the road as possible.

Bike riders are not pedestrians and riding on the right side of the road will reduce their chances of being hit by cars.

Darkness presents special hazards for bicycle riders. Never ride after dark unless it is necessary, and if you do, make sure your bike has a headlight and taillight.

The law requires that both front and rear lights be visible for 400 feet. Wear light colored clothing.

Learn the hand signals so that traffic will know what you are going to do.

We want you to grow up.

Emulsion
Dangerous
Material

A seemingly harmless substance has become a serious—and even fatal—problem in our national parks. As a result, the Chicago Motor Club-AAA cautions you to exercise care when using self-developing film on your vacation.

The film scraps contain a residue of developing emulsion which has proven to be a killer of fish and wildlife. According to the National Park Service, as many as 400 hooved animals died last year as a result of eating the highly toxic substance on film scraps discarded by tourists. The scraps also blow into streams and lakes and poison fish.

In addition, park officials report that the photographers' habit of using monuments as a platform for applying the special solution for coating and preserving the print has left its mark. The solution dries into a rusty colored stain which cannot be removed from stone.

The Chicago Motor Club-AAA urges you to carry a plastic litter bag with you as a safe depository for potentially harmful film scraps.

Dear Friends in Antioch,

Thank you so very much for the generous gifts you recently sent and also for your kind thoughts. I assure you that your useful items are appreciated by all who receive them.

I arrived here on 1 May 1970 and it is a much different assignment than I have ever had before. There are so many things we take for granted; I know I will be more cognizant of these when I return home. This compound is a rather isolated one but we are kept busy by our work.

Thank you again for your kind thoughtfulness.

DO WE WANT CLEAN
ENVIRONMENT?

"The whole pollution problem boils down to this: Do we really want to clean up America? Are we, private citizen and industry alike, willing to pay what it will cost—not only in terms of 'conveniences' we now take for granted, from throwaway bottles on the local beach to throwaway sewage in the local rivers? As of now, the answer is a resounding 'No!'" Somerset, Ky., Commonwealth Journal.

Your Congressman
Reports...

By Cong. Robert McClary

Reorganization of the Congress is an old story which many cynics declared would never happen. So, when the House Rules Committee recently scheduled a Congressional Reorganization Bill for debate—that was news. Indeed, this is the first such action by the House Rules Committee in 24 years.

While the measure soon to be debated on the House Floor will effect only modest improvements in Congressional procedures and practices, it should be recognized that a hard-core of House and Senate Members would prefer no change whatever.

The Congressional Reorganization Act of 1970 (H.R. 17854) will accomplish these principal improvements:

1. Require all committee meetings to be open—unless a majority of the committee members requests that they be closed;
2. Move toward the use of computers to speed up informational services, improve voting procedures and effect budgetary changes under the control of a new Joint Committee of the House and Senate;
3. Permit public television coverage of Committee hearings with the approval of a majority of the committee members;
4. Require the establishment of 5-year cost estimates on all new Federal programs;
5. Eliminate general proxies at committee meetings, require the formal announcement of votes on bills acted upon by committee and demand that committee reports shall be available at least 5 days before a bill reaches the Floor;
6. Authorize augmented professional staffs, and assure staff assistance for minority party mem-

bers. In addition to these enumerated changes, the House is authorized to offer relevant amendments. An amendment to substitute an electronic roll call system in place of the existing practice of calling out individual names is certain to be offered. Other changes which may be offered by way of amendments are (a) a requirement that the Congressional Record shall reflect a verbatim account of Floor debate, and (b) more stringent control of lobbying activities.

One seemingly critical omission is the failure to establish a Joint Committee on Congressional Reorganization. Such a continuing body would be capable of making periodic recommendations for improvements in Congressional practices and procedures, without waiting for another 24 years to pass.

The much belated "seniority system" will not be affected by the Reorganization Act—as this (Continued on page eight)

Trusted Employees Take Cash

Employees placed in positions of trust by their employers steal upwards of a billion dollars a year—double the amount of goods and money taken by the nation's robbers, burglars and thieves.

According to the Insurance Information Institute, the average embezzler is about 36 years old, married and the father of two children. He has worked five years for his present employer with apparent honesty and diligence. He earns a comfortable living.

On the surface, there is nothing to distinguish the "average" embezzler from the average person. However, a little digging into his personal life will show one or more of the following factors motivates his crime.

Gambling is usually the prime cause. He gets into debt with his bookie or with the fellows in a "friendly" card game and finds he can't get out from under the debt.

In the urban areas, he is likely to go to a loan shark to borrow in order to dispose of his gambling debts. But the exorbitant interest rates charged by these sharks keeps him in debt and under demands to pay up.

Extravagant living standards follow a close second to gambling as a reason for embezzlement. The money earmarked to pay bills ends up in the till at the local liquor store or a fancy restaurant, or to make payments on an expensive car or home that cannot really be afforded.

A third factor is an embezzler's inability to cope with unusual family expenses over which he has no control. These include such items as bills from a prolonged illness and tuition fees for his children.

Among other reasons for his crime could be undesirable associates, or even resentment or revenge toward his employers for some unintentional or imagined slight.

Three things are required for an employer's protection against embezzlement. These are a good system of internal money control by the employer, surprise independent audits by outside accounting firms, and fidelity insurance.

There are a wide variety of fidelity bonds and dishonesty insurance policies designed for this purpose. The individual bond covers one person for a stated

amount in the policy. A scheduled bond is used when there are several bondable employees with varying degrees of responsibility. The blanket bond is used when all employees have equal access to the firm's funds.

The comprehensive 3D policy is written for dishonesty, disappearance and destruction. The policy covers loss of money, securities, and other property caused by dishonest acts. It also covers loss from burglary or robbery either inside or outside the premises.

Legal Secretaries Set June Meeting

A combined board and regular meeting of the Lake County Legal Secretaries Association will be held on Thursday, June 18, at 7:30 p.m. in the Administrative Room, 10th Floor, of the courthouse.

The featured speaker will be Mrs. Stephanie Suthin, Clerk of the Circuit Court. Non-members are cordially invited to attend.

Genetic counseling, or referral to genetic services, is now available at all 111 March of Dimes Birth Defects Centers across the nation.

Church Sells School Beginning June 17

The Antioch Methodist Church will hold its annual Vacation Church School for two weeks this year, beginning Wednesday, June 17, and the session will run for ten weekdays.

Classes will start at 9 a.m. and end at 11 a.m. The last day of class will be Tuesday, June 30.

This program is open to any children in the area from pre-kindergarten (ready to start regular Kindergarten in the Fall) to sixth grade. The ages are based on the year of school just completed.

The basic United Methodist Curriculum for Vacation Church Schools will be used. Mrs. John Laude is in charge of the program. For further information contact Mrs. Laude, 395-4136 or the church office 395-1259.

What makes a lot of women seem dull is their inability to say in a few words what they would like to say to a man without being unladylike.

Apprentice Plumbers To Take Exams

Written examinations for apprentice plumber applicants will be given at Waukegan High School, Saturday, June 27 at 8 a.m., according to James DiPietro, of DiPietro Plumbing Co., Deerfield, chairman of the Joint Apprenticeship Committee of the Plumbing & Heating Contractors Association of Lake and McHenry Counties and Plumbers Local Union 93.

Application forms may be obtained from Edward Murphy, JAC Secretary, 1260 Ridgewood Ave., Highland Park, Ill. 60035; Ron Short, Secretary-Treasurer, Plumbers Local 93, 2751 Washington St., Waukegan; or Executive Secretary Lou Durkin, Plumbing & Heating Contractors Assn., P. O. Box 447, Waukegan.

Applicants must be U. S. citizens, between 18 and 25 years of age, high school graduates, and in good health.

Applications will be accepted without regard to race, color, creed or national origin.

Applicants who complete the written general information test

will be interviewed by the Joint Apprenticeship Committee and given a combined grade based on the written test and interview, according to DiPietro.

Assignment of apprentices to a plumbing contractor firm is based primarily on the grade received in the test and interview, DiPietro said.

Ex-servicemen who are over 25 years of age can be given

credit for the time in service, according to the JAC chairman.

Application form must be accompanied with a copy of the applicant's birth certificate, a copy of the high school diploma or transcript of grades, or an Equivalency Certificate. Deadline for filing plumbing apprentice applications is June 13, according to DiPietro.

Music Courses Set For Students At CLC

The College of Lake County will offer a special four-week music chorus for high school students.

All high school students who are interested in singing with the summer youth music chorus are welcome and may register by attending the first class on June 16. Classes will meet on Tuesday and Thursday at 11 to 12:30 a.m.

There is no charge to residents of the Junior College District. At the conclusion of the four-week session, the chorus will pre-

sent an informal concert at the College.

Warren G. Simpkins, instructor of music at CLC requests that the high school music teachers in the area recommend their students for this choral experience. For further information regarding the summer high school chorus, Simpkins may be contacted at the College offices, telephone number 223-8193, extension 67.

Students Honor Stillson

A group of Antioch High School students gave a surprise party in the shop class last week for retiring teacher Melvin Stillson.

They had a decorated cake and a luncheon and made a plaque with an inscription stating that Stillson was a most dedicated teacher.

Music was also supplied and the students taught Stillson some of the latest dances.

Mr. and Mrs. Michael Hauser, daughter and son-in-law of the Stillsons will arrive in Antioch this month before leaving for Tehran, Iran, where they will both teach in an American school there for the next two years.

Boy Scouts Hold Dinner

The Annual Scout Leaders' Appreciation Dinner of the Evanston-North Shore Area Council, Boy Scouts of America was held on June 6, at the Chevy Chase Country Club, Wheeling.

The speaker for the event was Walter G. MacPeck of North Brunswick, New Jersey, who was the first Scout Executive of the North Shore Area Council. He served during 1927 and 1928, and gave leadership to the purchase of the land now comprising the Ma-Ka-Ja-Wan Scout Reservation. Mr. MacPeck recently retired from the National Editorial staff of the Boy Scouts of America and is the author of several Boy Scout publications. He was the recipient in 1960 of the George Washington Honor Medal Award and the Certificate of Merit in 1965, presented by Freedoms Foundation at Valley Forge.

An outstanding feature of the program was the presentation of five Silver Beaver Awards, the highest recognition that a local council may present, and is given for outstanding service to boyhood. Included in the program was the Veterans Recognition, Wood Badge Training Awards, and the highly coveted Silver Beaver Awards.

Lakeside Rebekah Lodge No. 82

By Del Jahneke

Mrs. John Hagen, Noble Grand of the Lakeside Rebekah Lodge No. 82, accompanied by Mrs. Charles Ferris, Mrs. Ralph Fields, Mrs. Walter Buchert and Mrs. Clarence Larson, attended the District Officers Night, District Three of the Order of Rebekahs, held in Crystal Lake, June 2nd. Mrs. Ferris is District No. 3/Vice President. All District Officers were honored that night.

At the June 3rd meeting of the Lakeside Rebekah Lodge, Mrs. Verna Hobler of Waukegan, a past District Deputy President, was a surprise guest.

"Elective Officers' Night" will be held at the June 17th meeting of the Lakeside Rebekah Lodge, to be held at the Antioch American Legion Home, starting at 8:00 p.m. Hostesses for the month of June will be Mrs. Floyd Horton

and Mrs. Lillian Hand. On June 18th, there will be a public dessert luncheon, held at the Antioch American Legion Home, at 12:30 p.m., sponsored by the Lakeside Rebekah Lodge. Card games will be played and there will be prizes.

Three local women were honored for their volunteer services at Downey Hospital, in a recent ceremony held at the hospital's auditorium. Mr. Marshall Clark, Director of Volunteer Services, presented certificates of appreciation to Mrs. John Hagen and Mrs. Thomas Pechousek, in gratitude for their aid in nursing services. Mrs. Florence Mottin received a certificate of merit for helping in Central Service, part of the medical unit. These ladies regularly spend a day there once a week, and are often there several times a week. They find the work most rewarding, in that while they are bringing happiness to these hospitalized patients, they find great satisfaction and contentment for themselves. The women serve under the auspices of the National Catholic Christian Society.

VA Hospitals Try To Get Vietnam Vets

Veterans Administration hospitals are making a special effort to attract Vietnam veterans to fill hospital staff vacancies as doctors and nurses, and to work in thousands of sub-professional positions.

Administrator of Veterans Affairs, Donald E. Johnson said that almost 6,000 veterans with medical skills were hired by VA hospitals during 1968 and 1969. Recruiting will be even more vigorous during 1970, Johnson said, because VA's Department of Medicine and Surgery now has the largest personnel authorization in its history.

President Nixon's budget request for VA in fiscal year 1971 (starting July 1, 1970) will increase the VA medical care staff by 5,723 employees, raising full-time employment to 137,856—the biggest work force in the Department's history.

"Men and women who have learned new skills in military service are a valuable national resource," Johnson said, "and this is true especially of those who have been trained in the medical field. There are thousands of job vacancies in the health care field and jobs are being created faster than people are being trained."

Johnson also pointed out that for those who upgrade their skills in the health care field, VA offers excellent opportunities for advancement. The agency has a centralized personnel system covering all its 166 hospitals, so a wide choice of work locations and job-types is available.

Says the Benton, Mo., Democrat: "If we could convince our youngsters that they are wrong in believing that somehow, the world owes them a living it would be a giant step forward."

Whitey Harris, Lake Villa, accepts the Antioch Championship Trophy from Ray Scarpelli of the John Teresi Chev-Olds Agency in Antioch. Scarpelli presented the trophy for the feature race win in the 50 lap modified stock car race honoring the village of Antioch, and its race fans at the Kenosha Speedway in Wilmet. Antioch Mayor Ray Toft participated in the ceremonies.

Harris Takes Antioch Award

An Antioch driver almost won the Antioch Championship at the Kenosha County Speedway in Wilmet on Saturday night, June 6. Jim Sullivan led 34 of the 50 lap event and had a large lead over Whitey Harris when he moved into second over Ray Faulkner, Libertyville, on the 34th lap.

Harris' win came before a crowd that was larger than last Saturday night's and the 3400 fans were even more than any night of last year. Harris of Lake Villa, earned \$340.00 from a \$3,000.00 purse.

Faulkner led for the first seven laps while Sullivan worked his way up from his 6th starting spot. Faulkner started outside in the first row and got the lead from pole man Ken Monroe of Pell Lake, Wis. It was a close and fast pace throughout the 50 laps with no sign of a yellow caution flag to slow the field. Harris had started inside in the last row and had to work his way from last as Roger Otto, Burlington, Wis., moved ahead of Harris on the opening lap. But when Harris started moving on the 16th lap, he was passing two and three cars at a time.

In the victory circle when Ray Scarpelli of the John Teresi Chev-Olds Agency presented Harris with the Antioch Champion trophy, Harris said that af-

ter he passed the 1969 IRA Rookie Faulkner, he thought he was the leader. Then he saw the starter, Roger Cox give the lay-over flag to a slower car and he knew Sullivan was the leader. Sullivan had a large lead but said he didn't know Harris was coming or he would have extended the gap. When Harris caught Sullivan, the Antioch driver ran wheel to wheel with Harris for several laps before Harris pulled away and opened up a four car length lead at the end.

Funny Cars Appear At Dragaway

The United Drag Racers "Funny Car and Pro Stock Championships" will take place Friday, Saturday and Sunday at the Great Lakes Dragway.

More than a dozen supercharged Chevrolet funny cars are slated to compete Friday night at 8:30, the first day of the three day meet. Saturday night at 8:30 will be the first appearance of the year for the "Pro" Stock Cars at the Union Grove track.

The "United Drag Racers" nitro fuel funny car circuit will headline Sunday afternoon's races starting at 2:00.

Friday's lineup of Chevy drivers include Terry Hedricks of Detroit, Bruce Larson of Pittsbrugh, "Jungle Jim" Liberman of Los Angeles, Mike Burkhardt of Dallas, Texas, Dickie Harrell of Kansas City, Vic Cecella of Milwaukee, Clair Sanders of New Orleans, Kelly Chadwick of Austin, Texas and Larry Christopherson and Ron O'Donnell of Chicago.

Wheeling "pro" stocks Saturday night are Larry Griffith, Arnie Beswick, Jim Wick, Jack Thomas, Harvey Pohle, Lefty Roeder, Lee Smith and over 20 more.

Jack Dittmars, Nick Gaglione and Henry Hallman are a few of over 20 drivers entered in Sunday's funny car races.

Speedway Will Be Busy Spot

The Waukegan Speedway will be a busy place starting next Friday night, June 12, as the parking lot will be the location of a ten day visit by Rohr's Modern Midways and there will be six nights of stock car racing in that ten day period.

The six nights of racing will include four late model super stock programs, a special Friday night semi-late model card and a special Friday night modified stock car bill. Some of the special events on various of these nights will be a head-on demolition derby, a powder puff race, a 100 lap June Championship for late models and a 50 lap modified race.

Rohr's Midway Shows has leased a section of the Speedway's parking lot and they play to be in operation with their rides and shows throughout the 10 day period from June 12 through June 21.

The Speedway will help kick-off festivities with a special semi-late model card on Friday, June 12. Cars from a number of tracks will be eligible for these races provided they do not run in a late model division at another track. There will be a seven inch wide street tire restriction on these cars which will be mainly hobby stock, sportsman and amateur cars.

The semi-late model races will include qualifying, a trophy dash, heat and consolation races plus a 25 lap feature. Also the same night there will be a powder puff derby and a head-on demolition derby. A raindate of June 26 has been set for the semi-late model races.

Saturday, June 13 will be the date for the second 100 lap late model championship race of the year. Ray Young won the first long distance race in May and will be the favorite in Saturday's race.

Then on Friday, June 10, the modified stock cars will be back in action on the Waukegan asphalt. Their May 29 program was rained out so the feature Friday will be the 50 lap Memorial Day Classic, three weeks late. Time trials each night will start at 7:15 with the first race going to the line at 8 p.m.

Win Streak Is Extended

Ray Young of Dolton stretched his feature win streak to three Saturday night at the Waukegan Speedway as he bested Bob May of Gurnee in the 30 lap late model event. The evening's races were spiced by a number of accidents, but there were no injuries.

At least eight cars had to be towed from the Speedway after encounters with the backstretch wall. Al Gutche of Bristol, Norm Zenko of Highland Park, Major and Jim Cossman of Waukegan all led the feature before Young worked his way to the front in the 12th lap. May moved into second at that point and shadowed Young for much of the race.

At the halfway point it was Young, May, Cossman, Lee Schuler of Lockport, and Bob Delaney of Roselle. On the 18th circuit Schuler passed Cossman for third money and those two raced close together right up to the

checked flag. The most spectacular backstretch acrobatics came from the hobby stockers in the second heat and their consolation race. In the heat race incident, top ten point drivers Gerald Warrens of Gages Lake and Tom Edwards of Zion both tied together and crashed into the wall. Both cars jumped the concrete wall and then vaulted off the higher steel band rail flying through the air and landing on their left side wheels. Both drivers managed to bring their cars back on all fours without rolling over.

The consolation accidents found Jerry Sanders of Evanston hitting the wall first. Trying to miss the stranded car, LeRoy Osgood of Racine completely lost control of his new hobby car and it crashed head-on into the wall just a few feet short of the pit entrance. The races were delayed nearly ten minutes at that point as track attendants helped the shaken driver from his demolished car and then the wrecks were cleared from the track.

The hobby feature turned out to be a close affair until the last two laps when defending champion Tom Reuss of Wildwood was able to open up a slight lead. With seven laps remaining, Reuss and Chuck Belcher of Park City overtook early leader Tom Oliver of Zion. Oliver also leads in this year's point race.

The late models will race in their 100 lap June Championship race next Saturday night, June 13. Young bested the field in that race and he'll be looking for another big win this Saturday night. Twenty cars are scheduled to start the long distance event.

Baseball Clinic Scheduled

Fellows! Now is the time to register for the 5th annual Illinois Valley Baseball Tryout School and Clinic.

The Illinois Valley Baseball Tryout School is for boys who are interested in entering Professional Baseball. June 18-21 will be the first four day school for the 16 to 21 age group. A second school for the 16 to 21 age group will be held August 13 to 16.

Because of the great demand in the past will hold 8 4-day schools for the 14 to 16 age group from June 25 through August 9. These schools will be conducted the same as the tryout schools for the older boys.

The school was successful in placing its first player in professional baseball this spring, when Mike McDonald of Pekin, Ill.,

Antioch Swim Club Joins Conference

The Antioch Swim Club has been elected to membership in the North Suburban Swim Conference. Other conference members are: Brentwood Club of Waukegan; Lake Forest Club of Lake Forest; Old Willow Club of Glenview; Plum Grove of Palatine; and the Tennaqua Club of Deerfield.

During the season each club swims the others in dual meets and the conference holds two conference meets—a relay meet and a regular meet which is always hosted by the Lake Forest Club.

The Antioch Swim Club scheduled for 1970 is:

Saturday, June 20, 10 a.m.	Antioch at Kenosha AAU.
Saturday, June 27, 10 a.m.	Tennaqua at Antioch.
Wednesday, July 1, 5 p.m.	Antioch at Lake Forest.
Wednesday, July 8, 5 p.m.	Antioch at Brentwood.
Saturday, July 11, 9:30 a.m.	Conference Relays.
Wednesday, July 15, 5:30 p.m.	Old Willow at Antioch.
Wednesday, July 22, 5:30 p.m.	Plum Grove at Antioch.
Saturday, July 25, 9:30 a.m.	Conference Meet at Lake Forest.
Sunday, August 2, 10 a.m.	Antioch Invitational.
Wednesday, August 5, 5:30 p.m.	Antioch Record Breaker.

This fine program is furnished as a service to the community and surrounding area by the Lions Club of Antioch and the State Bank of Antioch. Spectators are welcome at all meets, and there is no admission charge.

Young Continues To Win

Ray Young of Dolton stretched his late model feature win streak to four Sunday night at the Waukegan Speedway by passing Bob Roper at the halfway point for the lead. Jim Dean of Waukegan won a close hobby feature decision and Maude Cossman of Waukegan won the special powder puff derby on the last lap.

Twenty cars started the late model main event which required only one red flag. That came in the ninth lap when Bob Anzing-

er's car stalled abruptly on the home straight-away.

On the restart it was Gutche in first followed by Roper, Jim Cossman of Waukegan, Lee Schuler of Lockport, Young, Bob May of Gurnee, Tom Jones of Northbrook and Herb Artelt of Wildwood.

Roper slipped his Chevy II in front on the 10th lap with Cossman and Young right behind. Cossman tried to pass Roper, but in the process Young maneuvered

inside and into second. For the next five laps the two ran bumper to bumper before Young caught Roper behind a lapped car and took the lead.

On the 24th lap Jones moved by Roper in exciting fashion and set out after Young, only to finish five earlength short at the checkered flag. Cossman took third at that point while Roper and May fought it out right to the wire for fourth money with Roper getting fourth and May fifth.

Finishing on the same lap with the leaders were Artelt in sixth, Gutche in seventh and Rich Sundling of Addison taking eighth.

Gutche, Roper and May won the heat race events Sunday, all of which were hotly contested. Cossman beat Young to win the six lap trophy dash.

The Cossman fans had two victories to cheer about Sunday as Jim's wife Maude borrowed the hobby stock entry from Tom Reuss to win the special powder puff derby which attracted 17 entries.

The hobby stock feature was relatively calm. Jim Dean won the race with George Garrett of Zion coming in second.

Rifles Have 40 Players Signed Up

The Lake County Rifles have 40 players under contract including rookies and veterans. The total number of players to come under contract will grow considerably by the time rookie camp opens on June 29th, at Carmel High School. All veterans will report on July 1st.

One veteran who has not signed is all league linebacker Don Rowden and Director of Player Personnel Jim Scully states "Rowden is a definite holdout."

Promising rookies that have recently signed are: Mike Doyle, Centerville Community College and Warren High School, 6' 1", 260 pound defensive tackle; William Lasey, Wisconsin State University, 5' 10", 260 pound offensive tackle; George Miner, University of Wisconsin, 6' 2", 215 pound end; David Proffitt, Dakota State, 5' 10", 170 pound flanker; Richard Brusko, St. Procopius, 6' 215 pound tight end and guard; Louis Barsevick, Western

Michigan University, 5' 11", 180 pound linebacker and fullback; and Ed Butala, 6' 2", 220 pound fullback from the Continental League.

All Rifles games, home and away, will be broadcast on WEFA-FM with Jack Kelly and Jim Wallace in their sixth year of broadcasting the Lake County Rifles football games.

Over 1,100 season tickets have been sold. General Manager Bob Amann reports "The team goal of 2,000 season tickets is looking better each day with the first exhibition game scheduled for August 1st, at Carmel High School, the home of the Lake County Rifles."

signed with the St. Louis Cardinals, St. Petersburg, Florida farm club. (Mike was just recently called up to Arkansas in the Texas League.)

The school is unique as it invites scouts from every Major League Club, in addition to its regular staff of Steve Zebos, (Pittsburgh Pirates); Russ Meyer, (Milwaukee); and Wes Rinker, (St. Louis Cardinals). In addition many college coaches who are looking for talent are invited.

Six sessions are held during the four day school. Four day sessions and two night sessions. The entire sessions are spent playing baseball. In addition chalk talks are conducted, along with movies to help the prospective players.

Again this year the boys will be housed at the Kaskaskia Hotel in LaSalle. All games will be played at Washington Park in Peru. This year there will also be an umpire school. Boys from 15 to 25 are eligible to register. Registration may be done by writing the I. V. Baseball School, in care of the Kaskaskia Hotel, LaSalle, Illinois, or you may call 815-223-1200, for registration. Don't delay, sign up now.

Con-Con Studying Reports

The Sixth Illinois Constitutional Convention is now debating the reports and recommendations of its major committees, the Taxpayers' Federation of Illinois stated today. Important recommendations of the Committee on the Executive are before the full convention, and some of them are:

1. Shortening the executive ballot by electing the Governor and Lieutenant Governor as a team and by eliminating the mandate for the election of a Superintendent of Public Instruction (later also previously recommended by the Convention's Committee on Education).

2. Timing executive branch elections so that they occur in non-presidential, even-numbered years in the interest of focusing attention upon State issues and candidates.

3. Lowering the age for holding gubernatorial office from 30 to 25 years and further conditioning eligibility upon only 3 rather than 5 years of residence in the State.

4. Replacing the existing office of Auditor of Public Accounts with a Comptroller, with the goal of concentrating fiscal accountability.

5. Modernizing the rules governing inability of a Governor to serve and the defined line of succession in such instances (Lieutenant Governor, Attorney Gen-

eral, Secretary of State in that order; and then as provided by law).

6. Recalling the existing veto procedures with realities that have become manifest in recent decades (every bill passed by the Legislature shall be presented to the Governor within 30 days after its passage, and mandamus may issue to compel presentment. If the Governor approves the bill he signs it into law. If he does not approve, he shall return the

bill with his objections to the house in which it originated).

7. Adding procedures for an appropriation reduction veto, plus a general amendatory veto (also recommended by Committee on Revenue and Finance).

In summary, the Executive Committee recommends the election of the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller and Treasurer. The Treasurer could have a successive term, or terms, if the people so elected.

Moose Home Gets Brand New Front

The Antioch Moose Home now has a new front and the Moose members of the Antioch Lodge are very proud of the building. Many thanks to Bro. Jerry Rockow and his helpers for a job well done, also to the building chairman, John Dupre.

There will be a double elimination eight ball partners tournament held at the Moose Lodge June 28 starting at 1 p.m. All Moose pool players are eligible. Prizes will be awarded. More details may be had at the Moose Club.

Baseball tickets are now to be had for the baseball trip coming up for Moose members. See chairman of sports Lee Micure for the final details on this trip.

"SOUTH," The News Magazine of Dixie, carried this enlightening bit of information for those who hail the Soviet system and decri our own, and cited some facts which ought to bring them to their senses: "The average Soviet family spends about 60 per cent of its budget on food, as against 17 per cent for the average U. S. family—and the Russian diet is largely starchy staples such as bread and potatoes; a Russian must work four times as long as an American to earn enough for a pound of roast beef; it takes a Russian 11.5 hours of work to earn enough to buy a cotton shirt, compared with one hour for an American worker; the average Russian worker gets take home pay of \$19.28 a month, while the average American worker takes home \$40.09."

We wouldn't ask you to pay more to get a gas air conditioner...

...if we weren't going to make it up to you.

Take the low operating cost. It costs less than 5¢ an hour to keep the average home cool and comfortable with gas central air conditioning. That's about 1/3 less than you'd pay with an electric. And with our special, low, summer air conditioning rate, you'll pay less to operate all your gas appliances. Another important saving!

Take our 2-year parts and service guarantee. Gas air conditioning is so dependable, Northern Illinois Gas guarantees the cooling unit for two full years. If you do have a problem with it, we'll fix it at no additional cost for parts or labor.

Take the manufacturer's warranty. In addition to our guarantee, the manufacturer gives you a 5-year warranty on the sealed system.

Take the durability. Gas air conditioners have no major moving parts to need repair or replacement. And years from now a gas air conditioner will still have the same cooling efficiency it had when you bought it.

Take your time paying. Convenient, low cost financing is available for your gas air conditioning system, at long-term bank rates. You can enjoy gas cooling this summer!

When you're considering central cooling for your home, your office or your place of business, take a good look at gas air conditioning. You may pay a little more to begin with, but you'll find it's worth it in the long run.

Take it from us...you can't lose with gas air conditioning. See your gas air conditioning equipment contractor. Or call us.

"AAA-traffic safety researchers are convinced that the usual reports of expected deaths over a holiday period are not the most effective way of making our holidays safer and more pleasurable," said Gerald W. Cavanagh, president of the Chicago Motor Club-AAA. He added:

"It is our purpose in promoting this campaign to accent the positive in motor travel. We hope to encourage motorists to

go out and enjoy their holidays, but to drive with care at all times and exercise caution. Briefly our message is—'Have fun with your family and Bring 'Em Back Alive!'"

Cavanagh noted that the highway often is safer on a holiday than on an average weekend. "Modern highways make long-distance travel increasingly safer and there appears to be no real case for not planning a trip and taking advantage of the original intent in declaring holidays—to enjoy a break from the routine," he said.

While urging motorists to go out and enjoy themselves over the July Fourth holiday, the motor club also is stressing the need for careful attention to common sense rules of good driving. "The 'Bring 'Em Back Alive!' campaign will not fear," Cavanagh concluded.

The Eastern meadowlark and the Western meadowlark are so similar that one finds it difficult to tell them apart. The Western lark has a more melodious song.

is essentially a party matter to be acted upon at Republican and Democratic caucuses.

Although the Senate passed a reorganization act in 1967, the House took no action at that session. Present indications are that a meaningful reorganization measure will again receive Senate approval once the House acts favorably on the issue.

Jefferson's Manual, developed during the period 1797-1801 when Thomas Jefferson, as Vice President, presided over the Senate, and adopted officially in 1837, will continue to control parliamentary procedures in the House and Senate, i.e., priorities of motions, practices on amendments, etc. However, archaic House of Representatives and Senate are about to adopt some 20th century techniques in fulfilling their role as the Legislative Branch of the Federal Government. And it's about time!

NI-Gas Offering Special Brochure

Spring is the time many people start planning a new home. It's a fun time . . . a looking ahead time. It's the season when many people look at many different kinds of homes . . . looking for that one that says "me" . . . looking for that "Home of Distinction."

Northern Illinois Gas Company is currently offering a special brochure, "Homes of Distinction," which features many different home plans. Each style has been created by nationally known architects and designers.

"Homes of Distinction" may help home buyers make such important decisions as how many bedrooms, how many baths, and whether the house should have one or two stories. Information on financing is also included.

The home planning book is available for \$1.00. Anyone may receive one by sending his name, address and a check to "Homes of Distinction," Northern Illinois Gas Company, P. O. Box 190, Aurora, Illinois 60507.

Michael Ruggles and Scott Kerby were inducted into the Pack.

First prize for selling the most tickets to the Scoutarama was presented to Jack Ester. Second prize went to Robert Nauman and Steve Sander received 3rd prize.

The rocket race winners from the April pack meeting were presented their ribbons.

The Pack Carter was presented to Mr. Jim Bloss, our Institutional Representative.

Bloss presented a certificate of appreciation to outgoing Cubmaster Ray Gallaher and his wife.

Following awards each den performed an original Indian Dance. Each Scout was dressed as an Indian.

The 1970 Scoutarama ribbon was awarded to our Scout flag. This was awarded to the pack for our participation in the 1970 Scoutarama which was held at the Lake County fair grounds.

The new committee for the coming year are: Cubmaster—Ray Atwood; Webelos Leader—Adolph Bentel; Asst. Webelos Leaders—Ray Gallaher and Ray Kirby; Committee Chairman—Bob Kelly; Secretary—Carol Haveman; Finance Chairman & Treasurer—John Connors; Publicity—Virginia Hill; Awards Chairman—Sam Exposito; Den Mother Coaches—Pat Christensen and Alice Bessette. There are still several positions to be filled, so if anyone can help out please contact Mr. Atwood, 395-1064. Den Mothers for the coming year are: Den 3—Kathleen Volling; Den 4—Judy Kirby and Kathy Haley; Den 5—Ann Connors; Den 6—Lee Koenig; Den 8—Tarlle Brooks and Den 9—Pat Polsgrove and Bernice Pape.

A Lad and Dad cookout at Chain O' Lakes State Park is planned for June 25. A pool party in July and a family picnic in August is also being planned. The dates will be announced later.

Hospital favors were made by Den 5. The attendance award was won by Den 3. Den 5 had a display of masks, aprons, chef's hats and earrings which had been made in the den. The Webelos retired, the flags and refreshments were served by Dens 5 and 6.

The following boys represented Pack 192 in the Memorial Day parade at Antioch: Ken Golonka, Jeff Smouse, Ken Rigby, Mike Polsgrove, Neal Luofs, Nick Blaine, Ken Nevitt, Mike Ruggles, Adolph Kirby, Steven Haley, David Plechaty, Fred Bentel, Art Pye and Keith Radtke.

Powell Gives Servicemen An Extension

Illinois Secretary of State, Paul Powell, has taken steps to assist servicemen and their families who are serving on active duty in the armed forces outside the State of Illinois.

At a press conference held in the State Capitol, Secretary Powell announced that beginning July 1, 1970, his Office would extend the expiration date of the drivers licenses of servicemen, their wives or dependent children, who are on active duty outside the State of Illinois. The extension will be in effect until 45 days after the individuals return to Illinois.

In his opening remarks to the newsmen, Powell said: "Consistent with my lifelong interest in servicemen's and veterans' affairs, both in my 30 years in the House and as Secretary of State, and upon the recommendation of the Citizens Committee on Drivers Licensing in 1969, I recommended passage of House Bill 2440, which is now part of the Illinois Vehicle Code.

I am now using the authority granted to me by that law to make things a little easier for the servicemen, and their families, who are serving their country in this hectic period in our nation's history."

Powell said his Office would notify all law enforcement agencies nationwide that the program would be initiated, which will allow servicemen to drive with a license showing an expired date.

Law Limits Withholding On VA Checks

A recent law limits the amount the Veterans Administration may withhold from disability compensation checks of veterans to recoup their military disability severance pay.

The military service makes lump-sum payments to permanently disabled veterans with less than eight years of service, and whose disabilities are rated less than 30 per cent by the VA. These veterans, by law, were barred from receiving disability compensation checks from the VA until the entire amount of this severance pay had been repaid.

Under the new law, PL 91-241, the amount which may be recouped by the VA from the veteran's monthly compensation check cannot exceed the amount based on the veteran's initial disability rating.

Disability compensation to veterans is based on a VA rating scale which runs from 10 to 100 per cent, depending on the veteran's degree of disability. "In cases where a veteran's disability becomes more severe and he is re-examined and given a higher rating, he is entitled to higher compensation from the VA.

Under the new law, the veteran would receive compensation equal to the difference between the higher disability rating and his lower, initial rating. When the full amount of his military disability severance pay has been recouped, the veteran then would

Funeral services will be held at 1:30 p.m. Friday at the Strang Funeral Home in Antioch. Rev. Phillip O. Laurin of St. Stephen Lutheran Church will officiate. Interment will be in Angela Cemetery at Lake Villa. Friends may call at the funeral home after 4:00 p.m. Thursday.

Certification For Training Is Necessity

The Veterans Administration again reminds veterans training under the G. I. Bill to return their certification of attendance cards.

For example, veterans attending colleges must return these cards during the last full month of every enrollment period. Those training below college level must return them every month.

The cards are needed for two reasons. One is that VA computers are programmed to prepare these educational allowance checks only after the cards have been received.

The other is that if the attendance card of the veteran attending college is not returned at the end of the semester, he cannot be automatically enrolled under the G. I. Bill for subsequent sessions that he may plan to attend.

Since final checks do not arrive until most college students have left the campus, the VA receive the full amount of his disability compensation, as determined by VA's higher disability rating.

reminded veterans to be sure to make arrangements to have their checks forwarded by the post office.

Veterans must also report promptly to the VA any changes in training programs which would affect the amount of their checks. College veterans would do this by letter, and below college level trainees on their monthly punched card, Form 21E-653a.

Veterans or dependents interested in G. I. Bill training or more information about veterans' programs were urged to contact the nearest VA office.
